Subject: Day 4 - How the Party Works

Welcome to the fourth day of our training programme:

How the Party Works

The following video is a presentation by our Company Secretary, Jack Coulson and is an introduction to the governance of the Party.

In it, he discusses: the key committees of the Federal Party; some of the philosophy that underpins how we are organised; our State Parties; elected representative groups; Party Bodies; and our complaints/appeals systems.

His apologies in advance for its length (25 minutes)!
