Dr Anna Fryer

#1 for ALDE Delegate

Representing You in our European Liberal Family

I'm Anna Fryer, and I'm asking you to vote for me to join the Liberal Democrats' delegation to the Council of the ALDE Party – the Alliance of Liberals and Democrats for Europe.

As an NHS mental health consultant and clinical lead I've spent my career getting the best care for patients despite resource constraints. I have years of experience working with NHS Trusts, the Royal College of Psychiatrists and inside the Lib Dems to innovate, deliver change and reform health policy.

I'm an experienced Lib Dem campaigner, comfortable working with large organisations and building networks at national and international levels.

My Key Priorities

Rebuilding Ties with European Allies & Institutions

I shall forge relationships with liberal colleagues across Europe to support UK ties with European bodies & pave the way for the UK to rejoin the EU.

Improving Security in Ukraine and across Europe

I shall work with ALDE allies from Ukraine and around Europe to rebuild our defences.

Promoting Liberal Democrat Values in Europe

I'll represent our party's policies and priorities on the ALDE council, particularly on mental health, health policy, science and education.
