"YOUR ALDE Delegate Representing the LIBERAL DEMOCRATS"

Arthur Wu 4 ALDE

[@arthur-wu.bsky.social](https://www.bsky.social/@arthur-wu)

✓ Voice for diversity groups in Europe

Underrepresented communities, **including ethnic minorities, migrants and LGBTQ+ groups**, must be heard at the European level. ALDE Congress is where we can show that **diversity strengthens liberal politics and ensures policies reflect the whole of society, not just the majority.**

As the former Young Liberals BAME Officer and an ethnic minority member, I have **seen and experienced the barriers that minority communities face, and that experience drives the commitment to turn principles of diversity into action within ALDE.**

✓ Speak up for youth in Europe

At LYMEC (ALDE's youth wing) Congresses and IFLRY General Assemblies, **young liberals have shown unstoppable energy, bold ideas and leadership.** From Studio Europe with VVD International to European Liberal Forum training, we, European young liberals, **have built networks, shared strategies and confronted challenges liberals face today, from defending democracy to building stronger movements across Europe.**

That is why ALDE Congress must be a launchpad for youth opportunities **with more exchanges, internships, training and space to lead.** Young liberals are not just tomorrow's leaders. We are ready to take our seats at the table today.

✓ Connect with our European sister parties

The Liberal Democrats are **part of a powerful European Liberal family** that is always **stronger together than apart.** Our party has forged links with Liberals from central Europe to Scandinavia, the Balkans to the Baltic, building trust and sharing ideas across borders.

By deepening these ties, we **learn from each other's victories, stand united in difficult times and develop strategies that win.** Our party must continue to be bridge-builders in ALDE: **outward looking, internationalist and respected across Europe and beyond.**

Why vote for Arthur?

1. I bring **proven international experience**, having represented the Young Liberals at **high-level conferences and events in Europe and globally.**
2. I am an **experienced campaigner** — from **grassroots organising to managing a parliamentary campaign.**
3. I know how to **turn values into action and to represent the party confidently in European relationships.**

Vote #1 for Arthur Wu Diversity. Young. Liberal.
