Oxfordshire

2021

Liberal Democrat GAIN

2025

- Neil has led our growing success across Oxfordshire through integrated campaigning at local and parliamentary level. He understands that success at every level is dependent on success at every other level. That means supporting local, mayoral, scottish and welsh elections alongside parliamentary campaigning.

LOTS DONE, A LOT MORE TO DO ...

DONE: Neil pushed for the lessons from the 2019 general election to be implemented and strongly supported the return to proper targeting of genuinely winnable parliamentary seats.

TO DO: He will support building up the next batch of target seats and moving forward seat so that the party can continue to grow our base. That means taking on Conservative, Labour and SNP seats.

DONE: Neil supported our simple anti-Conservative messaging at the last election. It was the right approach then and solidly research-based.

TO DO: He will push for strong and robust liberal messaging to be developed towards the next election. Next time we'll need a compelling national message to underpin further progress.

DONE: Neil has strongly supported diversity and inclusion in the party, on the Federal Board and in his own campaigning work.

TO DO: He will continue to push for the Lib Dems to be a welcoming and inclusive organisation as our progressive values are under attack.
