

TUSHAR ANEJA

For Federal Board

- **Protect our democracy.**
- **Push back against Farage.**
- **Deliver our strategy.**

1 WHY I'M STANDING

Nigel Farage is Britain's Trump.

He will:

- Use migration as a Trojan Horse to declare a fake national emergency.
- Repeal the Human Rights Act and pull us out of the ECHR.
- Exploit our weak, uncoded constitution to force through authoritarian laws.

We must adjust our party strategy and fight back.

2 MY PLAN FOR THE PARTY

Three simple fixes to protect British democracy:

Fair Votes (Ranked Choice Voting)
Every MP must win 50%+. No more extremists sneaking in.

Elected Senate (PR)
Replace the Lords with a smaller, elected Senate—legitimate, fair, and a real check on power.

Locked-in Rights
No government should scrap basic freedoms without a super-majority and a public vote.

3 WHAT I'LL DO ON THE FEDERAL BOARD

- Adapt our strategy to put democracy defence front and centre.
- Set red lines: no deal in a hung Parliament without fair votes, an elected Senate, and locked-in rights.
- Build coalitions: all centre-left parties must work together to pressure Labour, using every lever and the bully pulpit to force reform.
- Supercharge social media: bold, rapid, shareable content to win the online battle.
- Report back: quarterly dashboards so members can track progress.

4 WHY THIS MATTERS

- Stops the Farage/Trump playbook.
- Puts checks on authoritarian power.
- Protects rights for the long term.
- Boosts Lib Dem visibility and reach.

Farage is Trump's puppet. He'll use migration to scrap the Human Rights Act, quit the ECHR, and exploit our weak constitution to impose authoritarian laws. I'm running for the Federal Board to push back with fair votes, an elected Senate, locked-in rights, and a bold online presence. Protect our democracy. Make every vote count.
