VOTE FOR AARON WILLIAMS!

For Liberal Democrats' Federal Council

MY BIG PLEDGE

I'll pledge that I will that the federal board and the leadership shall expand on its message of showing people why we care across all aspects of our policy; from our immigration policy to show people how we as a party care for refugees, asylum seekers and immigrants basic human rights - by having compassionate messaging in an age of anti-immigration hostility. Further more we must demonstrate our message of care must extend to LGBT+ children and adults, the working classes, disabled and neurodivergent people - just as we do for our carers.

Rebecca Jones (She/Her), Young Liberals Co-ADI

"Aar is a committed activist within the party and has always looked at how they can ensure the party's liberal values shine through. They'd be an effective voice on the Federal Council, holding the board to account."

Bex Foulsham (She/They) Young Liberals Co-ADI

'Aar has a fantastic eye for detail, scrutiny and promoting a radical agenda within the party - a wonderful candidate for Federal Council'

I've worked with Aar in the past and their drive to continue working has been extremely brilliant. They will be an invaluable asset to the party if elected.
