

RE-ELECT ADRIAN TO FEDERAL COUNCIL TO CONTINUE THE APPROPRIATE SCRUTINY OF FEDERAL BOARD DECISIONS.

VOTE 1 for ADRIAN HYYRYLAINEN-TRETT

Why vote for Adrian?

Adrian has been on Federal Council for the past 18 months having been elected as a result of a vacancy during the course of the last Federal Council term.

Firstly, Adrian brought a fresh and invaluable perspective to the work of the new Council body, and though only on the Council for half of the previous term, their voice proved relevant, was listened to and was vociferous on topics which ensured our values of non-conformity as per the preamble to the Constitution and recognition of non-binary identities were heard loud and clear.

Secondly, Adrian brings exceptional knowledge, representation and understanding of governance and reputational issues which is a key part of the work of the Federal Council in scrutinising Federal Board decisions.

Finally, Adrian, attended Federal Council meetings consistently even though dates had already been scheduled well before Adrian joined, and contributed to the debates and discussions eloquently.
