

Elect Caroline Leaver to Federal Council

I joined the Liberal Democrats in 1990 and have built up a good knowledge of the way the party works, its structures and its strategy. I have an eye for detail whilst thinking strategically, and am confident in asking the difficult questions.

Currently, I am a member of English Council, English Council Executive, Devon & Cornwall Regional Executive and the North Devon Lib Dem Executive Committee. Over the last 4 years I have served on a cross party LGA Board, speaking directly to government to influence policy that impacts on local communities.

My knowledge is also based on first hand experience of community politics. First elected to North Devon Council in 2017, I have been a senior councillor since we took control in 2019.

As Group Leader on Devon County Council I led the campaign to increase the number of Lib Dems from 9 to 27 this year. We run both councils. And through working for ALDC as a Development Officer I gained valuable insights into Lib Dem local parties and council groups across the country.

I'm standing for Federal Council to bring a mix of hands on and strategic knowledge of the party, of how party strategy plays out on the ground, and valuable personal qualities. **Please give me your First Preference Vote.**

Thank you.
