A strong voice to hold the Board to account

Dear friend,

We need to fix Federal Council so that it delivers effective scrutiny for the Board and ensures that diverse voices have their say on Board decisions.. I want to take a leadership role to ensure it does its job.

I've been running elections at local and national level for decades, as well as being a candidate, and I served on Federal Board for 10 years. I have the skills and experience to ask the right questions on Board decisions.

If you have any questions, please get in touch.

Best,

Caron
