

Donna Harris

No1 for Federal Council

- **Championing equality as chair of Lib Dem Women**
- **A grassroots campaigner gaining her seat and becoming Leader of Opposition**
- **Parliamentary candidate and member of 2024 GE review panel**

I'm standing to **give members a stronger voice in shaping our federal party**. Our values of fairness for all, democracy, and openness must guide how we run ourselves.

Campaigning chair of Lib Dem Women

As Chair of Lib Dem Women, the official AO supporting women, **I've championed diversity, equity and justice**, bringing key issues forward to conference. I'm a passionate advocate for our liberal values - defending UK aid to developing countries and speaking out for the innocent civilian victims of war in Gaza and Sudan.

Winning grassroots campaigner

I gained my council seat through the hard slog of grassroots campaigning - we were in 4th place at the previous elections. As opposition Leader on Lambeth Council, I know all too well **how vital effective scrutiny is**. I have held those in power to account. I'll do the same on Federal Council. I'll never forget that **real accountability isn't just opposing - it's getting concerns acted on**.

Champion an inclusive party for all members

I served on our 2024 General Election review panel. It showed me how **our values of fairness, democracy and openness must guide how we run our party**. The best results are from genuine all member involvement. I want everyone to have a chance to shape our campaigns.

Please let me have your 1st preference.
