

Cllr Hannah Perkin

Your #1 Choice for Federal Council

Dedicated

I work hard for our party. From supporting grass roots activism in uncharted territory to leading winning campaigns, I put my heart and soul into everything that I do, the Federal Council will be no exception.

Ambitious

I have worked with teams across the country preparing them for elections and helping them to make a difference once elected. In a new political world, the Lib Dems have an important role in standing up to populism. I want to help make the most of it.

Competent

I have led my group at the Borough Council for 3 years. In this time I have worked hard to develop my skills in scrutiny and campaigning. Working with ALDC has also taught me a lot about working within the party and I am trusted to get the job done by residents, members of my own party, cross party and as a colleague.

Why I am standing for re-election

My time on the Federal Council has been an eye opening experience. There are things that have worked well and there have also been challenges. I would like to take the experience I have gained and build on it to help scrutinise the board effectively.

Experience

- Group Leader of the Lib Dem Group at Swale Borough Council
- ALDC Development Officer - England
- Regional Development Officer - South East Region
- LGA Next Generation Facilitator
- Directly elected member of the English Council Executive
- Directly Elected member of Lib Dem Women Executive
- Community Champion of the Year 2023 - LGIU awards
- Co-coordinator of the 2024 General Election phone bank campaign.

"Hannah has proved herself to be a staunch champion for diversity and for Liberal values. As a councillor she has the experience to help the Federal Council to scrutinise the Federal Board and make sure they listen to the views of members properly"

**Candy Piercy - Chair of
Campaign for Gender Balance**
