

VOTE 1ST PREFERENCE FOR FEDERAL COUNCIL

HUMAIRA SANDERS

EXPERIENCED - COMMITTED - VISION

EXPERIENCED

Member of London Region Exec and English Council Exec, and on FPC. Policy Officer for Liberal Democrat Campaign for Race Equality (LDCRE) for the last two years. Was Chair of Local Party for 3 years. I can see how we can **turn our words into action** throughout the Party.

COMMITTED

Instigated and implemented LDCRE **nationwide survey of Diversity Officers**. Organising London-wide **Action Days** in ethnic minority areas to grow our voter base and win elections. Succeeded in improving process at FPC so our **policies** tackle racial inequality more effectively and meaningfully. Speaking up for ethnic minority people facing **intersectional barriers**: for example those who are female, young or from the LGBTQ+ community.

VISION

Strong Liberal values mean a lot to me as a person from an ethnic minority background. The Preamble to the Constitution says “**We champion the freedom, dignity and well-being of individuals**” and this is at the core of my values. It drives me and I am determined to see this embedded at every level of the Party. I am utterly aghast at the rise of populism in mainstream politics. I will do whatever I can to help the Party to reverse this.
