

Jenny Wilkinson for Federal Council

I am excited by the opportunity to participate in the governance of our Party by representing members on the Federal Council. It's essential that we hold our Federal Board to account, ensuring the decisions made are in line with the party strategy as voted for by Conference and our Constitution. I am keen to play my part in scrutinising its work.

In my professional career, I am a qualified accountant with over 30 years of experience working for a major business advisory firm, supporting a range of public and private organisations across a number of sectors. Specialising in Forensic Accountancy for over 20 years, a significant part of my work has been focused on tackling fraud and corruption. I now work in Risk, challenging leaders in their decision-making.

I bring with me a wealth of governance experience. As detailed below, I have held many internal roles with the party locally, regionally and nationally. As well as Executive positions, I have been an Adjudicator in the Party's disciplinary processes and worked with the former Vice President on diversity issues.

I am currently Chair of the Humanist & Secularist Liberal Democrats and sit on the executive committees of the West Midlands Region and my own local party. Outside of politics, I am trustee and Treasurer of a small charity, former Chair of a local Scouts group, and I spent 8 years as a Governor of a local infant school.

Honesty and integrity are core values for me. I am known for being organised and diligent and not afraid to provide constructive challenge.

Please give me your vote.
