What I can bring to Federal Council

With decades of experience in Local Government, including leading a Council in London, **I believe I have the skills and experience to get the job done on Federal Council.**

I have **strong experience in political oversight, governance and scrutiny** - experience gained both in political roles and outside the world of politics.

I am a **team-worker** who enjoys working collaboratively and have **massive experience of campaigning** on the ground in local and national elections.

As a gay man with a partner born outside the UK, I feel that **I can well represent the diversity of our party members.** I am committed to the values and principles of the Liberal Democrats and would want to ensure that decisions support

the party strategy. I also firmly believe in the importance of **democratic participation** and enhancing **party transparency** and accountability.

I'm backing Keith

"Keith is a thoughtful and dedicated Lib Dem campaigner with decades of experience, who I know would be a great asset to Federal Council."
