

Seeking Clarity and Fairness

VOTE TERESA COOPER

COUNCILLOR TERI SAYERS-COOPER

For Federal Council

I am the Women and Girls' Rights Champion in Eastbourne. Through my work, we are changing the trajectory of women's and girls' rights in our town. Let's ensure that we, as a party, support and respect the rights of our women and girls.

Why am I standing

I want to work across our party to collectively create a proud Liberal Democrat force that can lead our country with the right policies and the right decisions.

What do we need to do?

Regain Trust

Women are leaving our party. 52% of our population are women. I am passionate in ensuring that women's voices are heard and our challenges discussed in conversations led by women. Our voices must be heeded in order to bring back lost members.

Reach Out

To our party members to convey the right messaging from within the party to our members and the greater public.

Hear More Voices

Listen to our whole membership. The true picture across our party is lost because Conference is not accessible to many either for practical reasons or lack of interest. This must change. We deserve to understand the true picture, not just the voices of the few. We need clarity, fairness and integrity.

The Liberal Democrats should be the winning party based on our political stance and our manifesto. I will:

- Work to reinstate the voices of women as an equal partner at the Lib Dem table.
- Ensure that women's voices lead on our sex-based rights and issues.
- Ensure that Violence and Domestic Abuse Against Women are given priority discourse.
- Work to make our top tier less elite by engaging all party members, hearing the voices of the many, not just the few.
- Scrutinise our voting system to stop archaic mechanisms from preventing freedom of speech.
- Use my skills as past Board Member of many charities to hold our Federal Board to account.

What must our Federal Council do?

Listen

To our members and, crucially, to the world outside of the Lib Dems.

Understand

What our members really want and need, not just feed them what we want them to hear.

Appreciate

Everyone's rights and causes.

Acknowledge

Ensure that every voice is not just heard, but acknowledged, regarded and taken into account.

Ann Keeling, Local Resident: "The work that Teri has achieved in just a few months as our Women and Girls' Rights Champion has been a game changer for Eastbourne, particularly around Violence and Domestic Abuse. The women of our town applaud her".
