

CHARLEY HASTED #1 = FEDERAL CONFERENCE COMMITTEE

I've been the Chair of LGBT+ Liberal Democrats for the last 3 years and the Federal People Development Committee Rep to FCC since February. I want to continue working for you on FCC.

While I'm new to the committee I've worked to bring the values I've brought to all my roles with me – **Competence, Commitment and Collaboration.**

I make sure I know how to do things, I do them to the best of my ability and I work with others to find success.

I want to give you more time to talk about the policy and the issues you care about so I will push for:

- More time to debate motions
- More topical issue discussions
- More spokesperson Q&A's

Conference has always been a space where I've felt welcome to be myself. I've found like minds and interesting opposition that's helped me grow as a person and a Liberal.

- **Let's keep conference a welcoming, liberal space** where people can develop and grow safely.
- Reviewing our training and **offering the training members want.**
- **I advocate for motions that are ambitious** about improving people's lives and support those wanting to submit them.

I'm a **frontline NHS Emergency services worker** with a background in **youth work & education**. I'm a **three-time PPC & a 2021 GLA candidate**. I'm a **Trade Union Rep, disabled, from a working class background and have been a carer for my mum since childhood.**

Liked me as Chair of LGBT+ Lib Dems? Then you'll love me on FCC!

Want to talk? You can find me on Facebook, Bluesky and X as Charley Hasted or email me:
