## YOUR FIRST CHOICE FOR CONFERENCE COMMITTEE

# BUILDING A CONFERENCE THAT WORKS FOR EVERYONE

## A CONFERENCE THAT WORKS FOR MEMBERS

At its core, **Federal Conference exists so that members can play their part in shaping the party at every level** - whether that is creating policy, scrutinising our leadership or developing the skills to represent our party in a more hands-on way.

However, to do that, **members need to be able to access Conference**. Not everyone can afford the significant expense of attending in-person. The Party has made great strides in this already, setting up online access to the Auditorium.

I will be a strong voice for making Conference even more accessible - **pushing to make as much content available to online attendees as possible**. This might mean a live feed, a recording or even just the opportunity to pre-submit questions with published notes post-conference.

**CHRIS WHITE OBE**

CHAIR, EAST OF ENGLAND  
FORMER FEDERAL BOARD MEMBER

“

*Jacqui has shown her commitment to making the East of England work for all of our members and I am sure she will do the same at a Federal Level. She has what it takes to deliver a Federal Conference that engages and develops attendees from every corner of the Party.*

”

## A CONFERENCE THAT WORKS FOR COUNCILLORS

Local Government is a fundamental part of our mission as Liberal Democrats and we have had tremendous success in recent years. **We now have even more council leaders than MPs!**

**Conference should celebrate this success** and I am committed to **working with our leadership at the LGA and ALDC** to make sure we do this while also upskilling our council teams with the training and discussion events that can **make our local leadership even stronger**.

“

*I know that Jacqui understands the needs of our council groups and will work to ensure that Conference celebrates our success in Local Government and sets our councillors up for future success.*

”

**CLLR LUCY NETHSINGHA**

CHAIR, LGA LIB DEM GROUP  
LEADER OF CAMBRIDGESHIRE CC

## A CONFERENCE THAT WORKS FOR CAMPAIGNERS

Not everyone wants to be elected and there's a whole team of members who support our success in the background, leading our campaigns and making our wins happen.

Conference should give our campaigners the opportunity to upskill themselves and give them the opportunity to influence our policy - creating a **cohesive policy offer that resonates on the doorstep**. If elected, I will push for a conference agenda that features the policy that campaigners need to run strong campaigns as well as **training that delivers for new and experienced campaigners alike**.

“

*Jacqui knows what local campaigners need to run effective campaigns. If she is elected to FCC she will help ensure that conference delivers a programme that joins up policy and campaigning.*

”

**CLLR STEPHEN ROBINSON**

CAMPAIGNS CHAIR, EAST OF ENGLAND  
LEADER, CHELMSFORD CITY COUNCIL

## A CONFERENCE THAT WORKS FOR MPs

Our tremendous success in the General Election means that we are **better placed than ever** to scrutinise our Labour government, wipe out the Tories and **stand up to Reform** across the country.

Conference can help us build upon this success by **giving our next generation of MPs the platform and skills to win**. I will work with the rest of the Conference Committee to ensure that we build the agenda with this goal in mind.

Our current team also need the **space to create policy and share their work** with members - working collaboratively to make the Lib Dems a true party of Government.

## A CONFERENCE THAT WORKS FOR DIVERSITY

As a party, we work best when there is a diverse range of viewpoints and that's even more true at Conference - where **sharing our experiences can have real impact** on party policy and our own internal practices.

I am very keen to **work with our diversity AOs** like LDCRE, Lib Dem Women, as well as members we haven't managed to engage so far so that Conference moves further towards being a place for constructive debate that makes our party **more representative** of people of diverse social, economic and ethnic minority backgrounds.

### VICTORIA COLLINS MP

MEMBER OF PARLIAMENT FOR  
HARPENDEN AND BERKHAMSTED

*I know that diversity is one of Jacqui's key priorities and she will push to make Conference accessible to everyone and highlight issues that are important to people from diverse backgrounds.*

## WHY I'M RUNNING FOR CONFERENCE

Conference is a celebration of all of our work as Liberal Democrats - from Parliament to local councils - as well of the people who lead the campaigns that get us elected and the members who give their time and money to make all this happen.

Therefore, it should feature elements that engage all of these people and allow them to play a part in how our party is run.

In a diverse range of roles in the party - from **LP Chair to General Election agent**, through to becoming the **Vice-Chair of the East of England Region** - I have worked to balance the needs of all of our members and I want to do the same on **Federal Conference Committee** to help **deliver a Conference that works for everyone**.

With my **professional experience** in running conferences and my career in local government, I can play a key part in **building an engaging conference** and then help **delivering its full potential** when Conference season arrives.

If I am lucky enough to be elected to FCC, I will make sure **the voices of members like you play an even bigger role** in guiding the work we do to put Spring and Autumn Conference together.
