Accessibility, diversity, inclusivity: Delivering a conference for all

Conference is the beating heart of our party.

It's where we make our policies, where we meet friends and colleagues from across the country and where we access the best quality training.

But for some, conference can still feel inaccessible.

If elected to Federal Conference Committee, I will do all I can to ensure our conferences are for everyone.

I will:

- Always **champion accessibility** and do everything possible to support disadvantaged members wanting to attend conference.
- Strive to ensure **effective training** is delivered both online and in-person.
- Encourage and promote the use of the **Access Fund** to help first-time conference goers.
- Seek new ways we can **embrace technology** to offer the best possible conference experience for those joining online.

Please support me with your first preference vote for Federal Conference Committee. Together we can ensure the voices of **all** our members are at the heart of our committee.

Yours, *Shaffaq Moll*

Shaffaq's experience

- **Councillor** in Sheffield. Former **Cabinet member** and **Leader** of the Lib Dem group in the city.
- Former **Member of the European Parliament** for Yorkshire & the Humber where he championed gender equality and human rights.
- Newly appointed **Member of the House of Lords**.
- **Diversity and Inclusion Officer** for the Liberal Democrats in England.
- Qualified **Youth & Community Worker**, helping young people from some of the most deprived areas of Sheffield into education, employment and training.
- An avid **Lib Dem campaigner**, regularly found pounding the streets with leaflets and canvass cards.
