

Liberal Democrats Internal Federal Elections 2025

GLD, as one of the largest of the Lib Dem Affiliated Organisations, has nominated candidates for several of the LD Party Committees.

We all subscribe to the shared values of the Preamble to the Party Constitution, but, in particular, we recognise the following sentence as the key guiding principle in helping to decide Party Policy now and for the foreseeable future.

“We believe that each generation is responsible for the fate of our planet and, by safeguarding the balance of nature and the environment, for the long-term continuity of life in all its forms.”

Graham is standing for the **Federal Board**

Graham is also standing for the **Federal Policy Committee, FPC**

Please vote for all GLD-nominated candidates as high as you possibly can!

VOTE #1 for FB & FPC

Cllr. Graham Neale

Experience

Over two decades as a councillor representing central London wards have given me the strategic perspective our party needs. As Chair of Green Liberal Democrats, I've professionalised the AO, embedding sustainability across party levels.

With an MA in Political Communication and university lecturing experience, I can analyse complex issues and communicate clearly. I've seen our party from every angle: local delivery, policy development, and leadership.

“From tenant association chair to national trainer, I understand the relationship between party and community.”

This breadth of experience, combined with my sustainability work, positions me to help coordinate strategy as we navigate the new political environment.

Change

I have represented diverse communities for over 20 years, learning the value of embedding Equality, Diversity, and Inclusion rather than treating it as an add-on.

I'll champion diversity, ensuring strategies reflect community needs. Coming through tenants' associations on a council estate rather than traditional routes, I know the barriers to participation and will work to remove them. Whether financial, cultural, or practical.

I'll support under-represented groups standing for office, drawing on my training experience to develop accessible resources.

"I'll share best practice and put EDI at the heart of campaigns, candidate development, and engagement, making our party truly representative of modern Britain."

Action

As an accredited trainer, I deliver campaign training, especially on environmental issues, helping candidates make climate action resonate with voters.

In recent elections I've campaigned nationwide, giving strategic advice while canvassing in person and by phone.

I've combined my London councillor casework with doorstep work, understanding what matters to voters post-2024.

Through GLD I've coordinated national campaigns linking local action to party strategy, working with MPs, councillors, and activists.

My ward-based community work, from housing to planning, keeps me grounded.

Given this blend of leadership and activism, I will bring both vision and practical experience to our party.
