

Re-elect

Liberal
Democrats

Lucy Nethsingha

an Independent voice on Federal Policy Committee

Lucy has Cambridgeshire County Council since 2021, winning majority control in 2025

LUCY HAS THE SKILLS, EXPERIENCE AND VISION THAT OUR PARTY NEEDS

Lucy has been Vice-Chair of FPC for the past 3 years. She helped guide the work of the committee leading to the successful manifesto for the 2024 General Election.

Lucy has played a key role in ensuring there is better access for under-represented groups on FPC policy working groups. The system is now more transparent.

She will continue to make sure voices from across the membership are heard in the policy making process.

Lucy has a proven track record of successful campaigning, having led her group from opposition to overall control at Cambridgeshire County Council.

As an MEP during the Brexit negotiations Lucy has experience of

Lucy served as an MEP, chairing the Legal Affairs committee in the European Parliament

Lucy Nethsingha for Federal Board

LUCY HAS A PROVEN TRACK RECORD AS A SUCCESSFUL CAMPAIGNER AND LEADER.

This year Lucy led her council group on Cambridgeshire County Council from leading in coalition with Labour to overall majority leadership on Cambridgeshire County Council.

As a County Council leader responsible for social care services in children's and adult services, and also responsibly for highway maintenance,

library services and county farms, Lucy is on the front-line of politics everyday.

As a member of Federal Board she will make sure that these key services, which make so much difference to the daily lives of our citizens, stay at the forefront of our political thinking. She has the political weight to stand up to the Westminster bubble.

Lucy has campaigned for the Lib Dems across the country, in all weathers

Lucy has worked at every level of government

EXPERIENCE AS AN MEP GIVES LUCY INTERNATIONAL AS WELL AS NATIONAL EXPERIENCE AND KNOWLEDGE

Lucy chaired a key committee in the European Parliament during the Brexit period, and is well aware of both the enormous damage that Brexit has done to our nation, and also of the enormous risks facing Europe more widely.

Lucy chaired meetings where the grave threats from Brexit to our health service and pharmaceutical sectors were discussed. Many of the issues we

face of drug shortages, skills shortages and rising costs to businesses were well known.

As we face a renewed threat from the far right and from Nigel Farage, not only to our European citizenship but to the democratic fabric of our country, Lucy knows how to fight misinformation and has experience of fighting Reform.
