

Kamran Hussain For Vice President

An independent voice for all of us

Dear fellow member,

My name is Kamran, and I'm asking for your vote to become the next Vice President of the Liberal Democrats.

I'm not part of the usual political circles. I'm not from Westminster I'm someone who understands the challenges facing our party and our country from a different perspective. My Liberal values were forged early, leafleting as a child in Yorkshire for this party I love. I've served as a regional chair and a parliamentary candidate, and I've seen firsthand the hard work and dedication that is needed on the ground in our communities to win.

For too long, the Vice President role has been seen as a formality. **But I believe it's time for a change. It's time for a new voice, a new face, and a new approach to diversity.**

For me, diversity isn't just about ticking boxes. It's about empowering people from all walks of life, all backgrounds, and all regions to have a seat at the table. It's about building a party where no community is left behind, where everyone feels welcome, heard, and valued.

I want to break down the barriers that prevent talented people from getting involved. I want to build a party that truly represents the rich tapestry of our nation.

So, when you cast your vote, please don't vote for the status quo. Vote for a fresh start. Vote for a different kind of leadership. Vote for Kamran.

Thank you and kind regards

Kamran Hussain

Kam's 6 to fix

- ✓ The voice of members to the party leadership – **giving power to the members**
- ✓ Using his years of experience **to support candidates and local parties to build the structures to win**, including engaging with all communities
- ✓ **Identifying real solutions for real people.** From Shetland to St Ives, offering Liberal answers to people's daily problems
- ✓ **Building a team of winners**, who are selected on merits and not chosen because of who they know.
- ✓ **Mentoring and supporting candidates** from all walks of life win at all levels.
- ✓ Get the party focused on winning across the country. We've done great against the Tories, **but we need to be taking on and beating Labour and Reform.**
