WhatsApp Guidance

Local Parties have asked for advice about using WhatsApp so we've created this [guide](#) which we hope you'll find useful.

If you have any questions, email: data.protection@libdems.org.uk.

Data Protection

The person responsible for personal data in your local party or group should ensure both the checklist and online training have been completed.

Whatever the role, you're likely to be handling personal data in some form, so it's good practice for training to be completed by new officers and those needing a refresher after twelve months.

- [Training for Party Officers](#)

Please consult the [training guide](#) and send queries to: data.protection@libdems.org.uk.
