## The team working hard for Darley Dale

Darley Dale and Matlock are already taking more than their fair share of new housing. Liberal Democrat councillors will fight to ensure new targets are shared with the Peak Park, and built to carbon neutral standards.

**After years of Tory neglect, it's time for a better deal for Darley Dale.**

Until only a few years ago, you had Liberal Democrat councillors who helped nurture and protect green spaces against the development we now see. It's time for the Lib Dems again.

We are fed up with mismanagement and chaos from the Tories. Time and time again we have heard from residents how the Tories don't listen, don't respond and don't communicate.

They selected Serco to run our bin collections, waded through endless developments, and they failed to protect our green spaces.

Our vision... is based on **your** concerns.

- Our Lib Dem team are people whose only priority is **giving service to their community**
- Lib Dems are **not motivated by personal interests or dogma**
- We will **listen and represent** local views
- We are a party of **hope over fear** that will fight for a **fair deal for all** regardless of background or status
- We stand **against divisiveness** and wish to **empower local people**

**"THE LIB DEMS ARE THE ONES WHO LISTEN ROUND HERE"**

## YOU HAVE A CLEAR CHOICE ON MAY 4TH

### Our vision for Darley Dale

We believe the Lib Dem plan for Derbyshire Dales has the right answers to today's problems.

We will work hard for a better protected environment, will fight for affordable housing, and opportunities for employment through supporting local businesses. Find out more at <http://dales.lib.dm>.

We will only make progress by **working with you** - listening and responding to **your concerns** and **putting the needs of the people of Darley Dale first**. And we will keep you informed through a regular newsletter and social media, so you know what action we're taking.

Our community deserves **better**. Our community deserves the **Lib Dems**. Our community deserves **David, Marilyn & Roger**.

We need a Council that will hold Severn Trent to account for badly co-ordinated roadworks

# The best choice for Darley Dale

**David Burton**

David and his wife Ruth have lived in Two Dales for over 40 years.

He was District Councillor for Darley Dale for 36 years and in 1995 was unanimously elected Chairman of Derbyshire Dales District Council. He stood down as a councillor 8 years ago due to his youngest daughter's illness.

However, he has been moved to return to council life due to his dismay at how Darley Dale has been served recently by its Tory councillors, and his frustration with national politics.

David's past record was as a councillor committed to helping individual residents, fighting inappropriate planning applications on green field sites and being vocal in the

Council chamber. He feels that his past experience as a District Councillor would be beneficial and productive for Darley Dale at this time. (davidburton57@icloud.com)

**Marilyn grew up locally and went to school at Lady Manners. She then developed a career in Social Services working with our most vulnerable people in situations of poverty, poor housing and health.**

On retirement she has continued to give support voluntarily where needed - visiting Nepal after its earthquake, she helped raise funds to build a school in the remote Himalayas. Marilyn now assists with the local RNLI fundraising team and art group for people with disabilities.

She is standing as a Lib Dem candidate to serve the community and empower local people. (marilynfranks1234@icloud.com)

**Marilyn Franks**

**Roger is an experienced local campaigner with strong interests in resident-led planning and energy efficient housing.**

He has previously chaired a parish council, led a neighbourhood plan group, and has had a career in the tourism and heritage industry. He currently works in the fundraising arm of the charity that runs Chatsworth House.

As a Lib Dem, Roger believes strongly in bringing forward practical measures to combat the climate crisis, and bringing communities together to solve problems. He considers it is of the utmost importance to listen to, and represent the views of all local people. (shelleyroger@ymail.com)

**Roger Shelley**

**David, Marilyn and Roger are an experienced team who will act and respond to your concerns and represent Darley Dale's communities without self interest, but for the common good!**

## LIB DEMS - Getting things done

After a request by the Lib Dems, the Council have confirmed that there will be a new pedestrian crossing next to the Whitworth hospital later this summer. 'Better late than never,' says Roger Shelley, 'But another example of back-to-front planning!'

**"WE NEED A PLANNING SYSTEM THAT WORKS FOR PEOPLE"**

David Burton is keeping a keen eye on potential sites at risk from new housing applications 'We need proper protections, and a planning system that works for people'.
